## CONTRACTS AWARDED

Washington Technology  
Monday, May 15, 2006; D04

*AT&T Government Solutions Inc.* of Vienna won an \$11.8 million, five-year contract from the Army to provide operations and maintenance support for a Web-based human capital management system it built for the Army.

[Lockheed Martin Corp.](#) of Bethesda won a \$379 million contract from the Army Aviation and Missile Command to build 112 Patriot missiles and furnish related program management and engineering services.

*Lockheed Martin* also won a \$120 million, five-year contract from the Homeland Security Department to run two call centers for the U.S. Citizenship and Immigration Services directorate.

*Turner Construction Co.* of Arlington won an \$8.7 million contract from the Army Corps of Engineers for design and construction of a military amputee training center.

*Ares Group Inc.*, doing business as *Ares International Security* of Alexandria, won a \$10 million contract from the Department of Homeland Security to provide armed and unarmed guard services in Maryland.

[BearingPoint](#) of McLean won a \$75 million, seven-year subcontract with [Northrop Grumman Corp.](#) to assist in its contract managing information technology and telecommunications services for San Diego County.

*180s LLC* of Baltimore won an \$8.1 million contract from the Marine Corps Systems Command for 60,108 combat desert jackets, which enhance survivability in high desert and cold/dry environments.

*New Maryland Clothing Manufacturing Inc.* of Baltimore won a \$5 million contract from the Defense Supply Center Philadelphia for men's and women's coats for the Air Force.

*EDS Corp.*'s Herndon unit won a \$7.5 million, three-year renewal of a contract from the Defense Information Systems Agency to support implementation of the Standard Operating Environment for executive software and centrally supported domains.

*Logistics Applications Inc.* of Alexandria won a \$28 million, five-year contract from the Energy Department to provide facilities management services. An initial award to the company in March 2005 had been protested and the contract was competed a second time.

*Raytheon Information Systems* of Upper Marlboro won a \$368 million, seven-year contract from the National Oceanic and Atmospheric Administration to provide high-performance computing resources to support advances in NOAA's environmental modeling capabilities.
